

## ◀ LEAF PEEPING

The Lodhi Garden Collection from Michael Aram explores nature and foliage from all over the world. Many of the pieces in the collection are inspired by leaves Michael picks up during his walks in his home in New Delhi, India. This Champa Leaf Platter is made out of hand textured stainless steel and natural brass. **Available at [bellafinegoods.com](http://bellafinegoods.com)**

## ◀ SHORT STACK

The pictured plates from Ivy & Oak Collection – also from Michael – were inspired by the hamlet built for Marie Antoinette at Versailles. Each piece is intended to evoke the beauty of nature and love of a bucolic existence. **Available at [bellafinegoods.com](http://bellafinegoods.com)**
